Primary Market Description .....	4.2
Primary Markets - Alphabetical by City.....	4.3 thru 4.9
Primary Markets - Alphabetical by Market.....	4.10 thru 4.15

## CHANGES:

10/29/13 Added Latrobe, PA to the PITTSBURGH, PA Primary Primary Market

*\*\* - Denotes Mini Primary Market core city. See Page 4.2 of this section for explanation.*

**PRIMARY MARKET AREAS**

A primary market includes a major (base) city and a group of smaller or suburban cities in the area surrounding it. All fares, rules and regulations that apply to the primary base city will apply also to the suburban cities included in that primary market.

The first list is an alphabetical listing of each city and the primary market assigned to it.

The second list is an alphabetical listing of each primary market and the cities assigned to that market.

In effort to refine pricing, Mini Primary Market areas are being created. The Mini Primary Market consists of one or more core cities in currently defined primary markets. These core cities are indicated in this Section with a double asterisk ( \*\* ) and are shown in italics. Fares in Section 13 of this Manual showing an "MPM" in the restriction column will be limited to the core cities only.

Special express schedule pricing applies to selected Primary Market Cities. Cities with express schedule pricing are shown with an XP after the city name in the Primary Market grouping of this section. Other cities in the Primary Market are not affected and PM fares shown in Section 13 will continue to apply. Express pricing along with applicable schedule numbers are shown in Section 13.

Current routes where Express Schedule Pricing applies include:

Chicago, IL - Milwaukee, WI  
Cincinnati, OH - Detroit, MI  
Cincinnati, OH - Nashville, TN  
Detroit, MI - Louisville, KY  
Fresno, CA - San Francisco, CA

Los Angeles, CA - Oakland, CA  
Los Angeles, CA - San Francisco, CA  
Los Angeles, CA - San Jose, CA
